## The Three Degrees, Get Your Love Back

I know I was wrong by leaving you by yourself I say something got a hold on me and I lost control. Now I know where I belong and I wanna come back home I need your love and Baby I need it so bad Here I stand with my heart in my hand Don't make me feel any less than I am Don't make me crawl on my hands back to you. Oh I said it: If I could only get your love back If I could only get your love back. I know you wanna make me pay for all the wrong that I've done Well Baby I'm ready I'm ready to pay any price you ask I don't care for what I have to do long as I can get close to you Your sweet love was the best love I've ever had. Here I stand with a tear in my eye I ain't ashamed to let you see me cry To live without your love I'd better die Baby please hold me in your arms. If I could only get your love back I'll be so satisfied Now I know where I belong and I wanna come back home. I need your love and Baby I need it so bad Here I stand with my heart in my hand Don't make me feel any less than I am

Don't let me crawl on my hands and knees back to you!

If I could only get your love back
