

# The Thrills, The Irish Keep Gatecrashing

if i could learn to love you  
could you learn to love me  
lust will only get us so far now

lust, top 40 fame...  
i can smell your catholic shame  
but it goes on & on..

the fashion police keep chasing  
the irish keep gate-crashing  
lust will only get us so far now

i finally shed my puppy fat  
no, kids, there's no encore tonight  
but it goes on & on..
