

The Thrills, The Irish Keep Gatecrashing

if i could learn to love you
could you learn to love me
lust will only get us so far now

lust, top 40 fame...
i can smell your catholic shame
but it goes on & on..

the fashion police keep chasing
the irish keep gate-crashing
lust will only get us so far now

i finally shed my puppy fat
no, kids, there's no encore tonight
but it goes on & on..
