

The Ting Tings, Do It Again

Still sure, do it again
Now he said, do it again
That feet, luv, do it again
Now go do something wrong
Do it again, nah, do it again nah
Do it again nah

I wake up in the morning, sick of all the same old
Someone else is playn gold, someone else is on a roll
How about you checkin' out something that we're doin' wrong
(Still sure, do it again
Now he said, do it again
That feet, luv, do it again
Now go do something wrong)
But that can never happen, everybody's rappin'
You wonder how you got here, dream about the future
So how about you think bout something that you're doing wrong

Still sure, do it again
Now he said, do it again
That feet, luv, do it again
Now go do something wrong
Still sure, do it again
Now he said, do it again
That feet, luv, do it again
Now go do something wrong
Someone's gotta put you down

I got about two roses, they didn't know how to hold it
Got 'em for my soul mate, it's like from the garden
Oh, I think I'm doin' something wrong, something wrong
I wake up in the morning, sick of all the same old
Someone else is playn gold, someone else is on a roll
How about you checkin' out something that we're doin' wrong

Oh, baby, something wrong
Oh, baby, something wrong
(Still sure, do it again
Now he said, do it again
That feet, luv, do it again)
Oh, baby, something wrong
Oh, baby, something wrong
(Please do something wrong)
Oh, baby, something wrong
(Still sure, do it again
Now he said, do it again
That feet, luv, do it again)
