

The Ting Tings, Traffic Light

Don't you be a traffic light
With all things said
You turn to red
Don't you be a traffic light

Don't you be a round-a-bout
Not another round-a-bout
We've come this far
Yet back to the start
Don't you be a round-a-bout

Oh now baby don't miss read the signs
If you turn the key then things will turn out fine

Let's not have a break down
Not another breakdown
You're on your own a long way from home
Let's not have a breakdown

Don't miss read the signs
If you had just turned the key
Then things would have turned out fine

You're pushing me, you're breaking
Over taking me you're racing
First placing me not chasing me back home

Don't let me down
