

The Toobes, Heartbeat

Every time I think of you girl
My heart beats so loud baby
And I truly hope
You love me so

[All around ?] me is for you, baby
And I hope
And I hope

Your heart beats so loud
At the same time
Your heart beats so hard

I send a message
I watch the news
I?m [afraid ?] I lose my time
This is the story of broken heart baby

Do you remember the time baby?
I don?t think so
Don?t you think so baby?

And I lost my only hope
But I have no chance anymore

And I know, and I know
And I know
Your heart doesn?t beat so loud now
At the same time
Your heart doesn?t beat so hard
Anymore

I send a message
I watch the news
So afraid to lose time
This is the story of broken heart baby
