

The Toy Dolls, Bitten By A Bed Bug!

Was it something that I spilt on my new continental quilt or what?
Could it have been a bad dream that crept in bed & made me scream or what?
What attracted such a beast, why did it want to make a feast of me?..

(Chorus:)

BUG BUG A BUG A BED BUG
A BUG A BUG A BUG A BUG BUGGER THAN A BUMBLE BEE
BUG BUG A BUG A BED BUG
A BUG A BUG A BUG A BUG A BUG A BUG A BUG BIT ME!
IN A NIGHT OF MISERY.

Was it coz the chocolate sweets I ate last night between the sheets or what?
What could it be that made me frown, the biscuit crumbs on my night gown or what?
A nit in need of nourishment, it got inside the bed & went for me.

(Chorus)</i>...

(Guitar Bit)

Was it coz I was dirty that it took a fancy to me or what?
I jumped up sweating with fright, oh will it take another bite or what?
I felt the fangs rip thru my vest, the mattress monster was digesting me!
(Chorus)
