

# The Toy Dolls, Howza Bouta Kiss Babe??!

Bored at a party Saturday night looking at Tupperware,  
in came a chick who made me quickly glad I was th there,  
how could I get the courage to ask her for a date?

Twass such a task for me to ask by then it was too late  
CHORUS:

Howza bouta... Howza Bouta, oooo she drives me crazy  
howza bouta, howza bouta kiss baby!

Why am I such a whimp I thought a soft and skinny puff  
For me to ask a kiss from her was difficult & tough

Right that's it I decided to confront the lass,  
I started shakin at the knees & tried to make a pass

CHORUS

I lose my bottle everytime I see a girl I like  
I start talkin jibberish & she says "on yer bike"  
there must be something I can do a kiss would make my day  
but everytime my gob opens I don't know what to say
