

The Toy Dolls, I Can See You

I still can see you face
Your smile everyday
I wish I was back there
To live it out again

I can see you
Yeah I can see you

(Chorus:)
I can see you SEE YOU <i>(x4)
Yeah I can see you SEE YOU <i>(x4)

I still remember when
We used to go away
I wish I was back there
To live it out again

But I can see you
Yeah I can see you

(Chorus)</i>...
(Guitar bit)</i>...
(Chorus)</i>...

Meet you.....
