

The Tragically Hip, Lets Stay Engaged

i wrote unfriendly things, truly cruel, on the day that you were born to prove that words cannot touch
put it off, i put it off, i put it off again
i made degenerate art for the religious right on the day that you were born i had a passion to expose
off, i put it off, i put it off again
i played love tara by eric's trip on the day that you were born i had to find the cuteness in the unad
off, i put it off, i put it off again i put it on, i put it on, i put it on again
