The Tragically Hip, Trickle Down

Old lion's dying, got left behind Cut your teeth, lose your meat And man it's just a matter of time Key's to the cuffs, you might be king That's it, that's all, that's everything

Skeletons come here to dance Where barrooms beat their brothers Into a bloody trance What's the deal? What did I do? Who cops all the cops is all I asked of you

Chorus

Lining up, waiting on the trickle down Something's up, taking time to get around Belly up, all the drinks are on the crown It's just a matter of trickle down

Twenty miles before the crash
That's the style for a while
And man I think it's gonna last
"Hit the breaks" is all you can say
Conductor says we'll save them
For another rainy day

Chorus
