

The Tubes, Around The World

(Cambra/Waybill)

Guide me into the night
Give me all your delights
Slide me inside your soul
I need to know
I'm half empty
I'm so naive--it scares me
Take me right past the edge
I would hold no regrets
Show me the secret life
The cruel disguise
Hold back nothing--it's been too long
But I've got to find a way
'Cause I'm running out of stay
So many dreams to tell
You know so well
I'll go with you
Who have you saved--the much less depraved
But I've got to find a way
'Cause I'm running out of stay
