The Tubes, Around The World

(Cambra/Waybill) Gazworks/ASCAP/ Feesongs/BMI Guide me into the night Give me all your delights Slide me inside your soul I need to know I'm half empty I'm so naive--it scares me Take me right past the edge I would hold no regrets Show me the secret life The cruel disguise Hold back nothing--it's been too long But I've got to find a way 'Cause I'm running out of stay So many dreams to tell You know so well I'll go with you Who have you saved--the much less depraved But I've got to find a way 'Cause I'm running out of stay
