

The Tubes, Brighter Day

(Steen)

Come on baby, I'm in love with you
I can't get it off my mind
I've been thinking I've been dreamin'
'Bout this heart of mine
In a day we'll know, oh we'll know, yes we'll know
'Bout a heart that's strong
and a mind that is wrong
Take my hand and see
all the things you can be
doodn doo doo doo doodn doo doodn doo
doodn doo doo doo
Come on baby I'm in love with you
I can't get it off my mind
Mind's been foggy since I first spied that baby
I can't get it off my mind
First the sun will shine
see how bright the day
Then the rains will come
wash away, wash away
All the blues will go
oh we'll know, yes we'll know
doodn doo doo doo doodn doo doodn doo
doodn doo doo doo
Brighter day
Come on baby
