

# The Tubes, I Want It All

What's on the other side of the wall  
Seems like my world has gotten so small  
Where are the friends who don't ever call  
Is there an answer to these questions at all  
When will they come and open the door  
I can't hold out anymore

I just can't wait to have it all now  
Just take it one thing at a time  
I want it all now  
You'll have to learn to wait in line  
I'll get it some way, somehow  
I want it all now  
All now

I saw somebody get married today  
Saw people crying as they drove away  
Old ladies laughing and children at play  
I ask for love but they don't hear what I say  
I want to feel what everyone feels  
What will tomorrow reveal

I just can't wait to have it all now  
Just take it one thing at a time  
I want it all now  
You'll have to learn to wait in line  
I'll get it some way, somehow  
I want it all now  
All now

What is it like to kiss a real girl  
To think you're in love and get married to her  
Have lots of children and grow fat and old  
And die like a fish on the end of a pole

Walking down the main street  
Looking at the people  
Shopping at the marketplace  
Standing on the corner  
Praying in the temple  
Dancing at the disco  
Working at the factory  
Party on the weekend

I just can't wait to have it all now  
I want it all now

I just can't wait to have it all now  
Just take it one thing at a time  
I want it all now  
You'll have to learn to wait in line  
I'll get it some way, somehow  
I want it all now  
All now
