

The Turtles, She'd Rather Be With Me

Some girls like to run around, like to handle everything they see
But my girl has more fun around and ya know she'd rather be with me

Me-oh my lucky guy is what I am
Tell you why you'll understand
She don't fly although she can.

Some boys like to run around, they don't think about the things they do
But this boy wants to settle down, and you know he'd rather be with you

Me-oh my lucky guy is what I am
Tell you why you'll understand
She don't fly although she can.
