

# The Twilight Singers, Cigarettes

the cigarettes are gonna kill me, i know  
i gotta get a light before i hit the door  
does anybody have a light?  
well, aidezmoi, cuz i need to get right  
so, come on and dial the phone  
cuz i need to get some more  
a little somethin from behind the door  
cuz i get lonely, baby  
lonely  
get the wheel let's go for a ride  
if you're trouble then i'll follow you down  
now you say you miss me  
say i wantcha back  
ain't that a little symphony?  
nobody ever taste so sweet  
someday they gonna ask  
"whatever happened to" me?, well  
so, come on and dial the phone  
cuz i need to get a little bit more  
a little somethin from behind the door  
cuz i get lonely, baby  
lonely  
get the wheel let's go for a ride  
if you're trouble then i'll follow you down  
last nite, last nite was alright  
i wanna see you again  
the cigarettes are gonna kill me, i know  
i gotta get a light before i hit the door  
does anybody have a light?  
well, aidezmoi, cuz i need to get right  
get the wheel let's go for a ride  
if you're trouble then i'll follow you down  
last nite, last nite was alright  
i wanna see you again
