

# The Twins, Time Will Tell

Time was - when time stood still for our rendezvous  
My heartbeat - hit danger-zone when I thought of you  
What we had - felt like an eternity  
And nothing could go wrong - or steal our ecstasy.

When you're sleeping next to me  
I'm waiting for the day  
I lie awake and dream of you  
A thousand miles away.

So time will tell - and time's never wrong  
So time will tell - but time takes so long.

Our time is up - or that's the way that it seems to be  
Your heartbeat - is beating now for your liberty  
What we had - can never return again  
No matter what we do - no matter who takes the blame.

I lie awake and dream of you  
A thousand miles away.

So time will tell - and time's never wrong  
So time will tell - but time takes so long.
