

# The Unseen, Boston United

Fuck the world, Boston's better  
Skins and punks get together  
We all know who are true friends  
And we'll be together 'till the end

This is Boston, we are the punks and skins  
This is Boston, the drinking never ends  
This is Boston, don't give us any shit  
This is Boston, skins and punks in the pit

Do what we wanna do  
We are the proud, we are the few  
If you don't dance, you won't get hit  
So don't fuckin' cry about our pit

This is Boston, not New York or La  
This is Boston, not DC or the East Bay  
This is Boston, where it's at  
This is Boston, fuckin' home of the rat  
This is Boston, fuck you
