

# The Unseen, Keep Us Down

No One wants to book us for reasons we don't know  
Maybe because we look funny  
Think nobody will go to the show  
We're just a bunch of fuckin' kids  
Workin' hard and getting shit  
Don't ignore us, think we'll go away  
Fuck off you dick, we're here to stay

You can't keep us down

Just when things are going good, we get kicked in the face  
Our fuckin shows get cancelled, our flyers are a fuckin' waste  
Our band members get shipped away and leave me in the cold  
We will fight to live on but this shit is getting old

Some of us believe in revolution  
Some of us are straight edge  
Some of us like to get piss drunk  
Some of us just want to go to bed  
We've got one common goal, you can't keep us down  
Fuck your respect, fuck your money  
Fuck you 'cause we're her to stay
