

The Used, Greener With The Scenery

You took it back
How could you go and do something like that
My fingernail phase
Worst has got the best of you
I ask you and I know I need to change
Change

You took it back
You ripped my heart out of my then you put it back
I'm pulling my hair
I let you just a million times
I love you even though it isn't fair

Run we go around again in circles
Play this game over again
Run we go around again in circles

You took it back
You ripped my heart out of my then you put it back
I'm pulling my hair
I let you just a million times
I love you even though it isn't fair

Run we go around again in circles
Play this game over again.
Run we go around again in circles

You took it back
You took it back

Run we go around again in circles
Play this game over again.
Run we go around again in circles
Circles

Run we go around again in circles
Play this game over again.
Run we go around again in circles
Circles
