

THE VAMPS, Kung Fu Fighting

Mr. Bruce, babe!

Everybody's Kung Fu fighting!
I .. what we fighting?
I know it's a little bit frightening...
But it so enlighten me

From the bottom of the fist
There's a battle of mine
If you don't know who you are?
Just look inside
When we move to the flow
We always get a win
Of the power that you know
...

Everybody's Kung Fu fighting!
I .. what we fighting?
I know it's a little bit frightening...
But it so enlighten me

I keep moving with the flow
I can walk you can rock
Hungry for just this
Let's make it grow
The more you try to take
The less you really have
When it's comes to energy
You get it give it back

Everybody's Kung Fu fighting!
I .. what we fighting?
I know it's a little bit frightening...
But it so enlighten me
