

# The Veronicas, Seeing Stars

Got me seeing stars  
Got me seeing stars  
Spinning really hard  
Spinning really hard

Got me seeing stars  
Got me seeing stars  
Spinning really hard  
Spinning really hard  
(What a Rush)

Sliding down the window  
Looking to escape  
Watermelon dreams  
Are dripping down my face  
Sippin' on a Sunset  
Turning up the heat  
Fading into you  
As I'm diving into me

Got me seeing stars  
Got me seeing stars  
Spinning really hard  
Spinning really hard

Oh my hands are shaking  
I'm not waiting  
(Fire up all the toys  
They're not just for boys)

Oh my hands are shaking  
I can't take it  
(Fire up all the toys  
They're not just for boys)

Swimming in the blue light  
Dancing on my own  
Counting out my breathing  
Heavy on the phone  
Gentle like a daisy  
Burning like the sun  
Voice inside my head say I could be the one

Got me seeing stars  
Got me seeing stars  
Spinning really hard  
Spinning really hard  
(What a Rush)

Oh my hands are shaking  
I'm not waiting  
(Fire up all the toys  
They're not just for boys)

Oh my hands are shaking  
I can't take it  
(Fire up all the toys  
They're not just for boys)

I'll be a honey zero  
Hometown hero

Oh my hands are shaking  
I'm not waiting

Oh my hands are shaking  
I can't take it  
(Fire up all the toys  
They're not just for boys
