

The Verve, Drive You Home

Your face so pale
Hasn't see the light for days
But on the hill
You had no place to say
"The skies are all mine
And I'm proud to be here
But when my lover cries
I feel his tears"
I was gonna drive you home
I was gonna tell you who I wanted

We came back
To the same place
We didn't speak
Just danced in our minds
Oh lover I know
This ain't what it should be
But let me take you home
I'll show you what you should see

I was gonna drive you home
I was gonna tell you who I wanted
I was gonna take you home
Yeah I was gonna tell you who I wanted

When love doesn't give it
Love, nothing will
I'll never change for anyone
I know it's there but I can't see it
I know it's there but I can't see it
A little life with you and me in it
I know it's there but I, I can't see it
I know it's there but I, I can't see it
I know it's there but I, I can't see it
I know it's there but I, I can't see it
I know it's there but I, I can't see it

I was thinking about the times I could have had
Whether they turned out good if they turn out bad
I was gonna take you home
Show you things your lover wouldn't know

My angel
My lover

My angel
My mind lover
My mind lover
My mind lover
She's my mind lover
