

# The Verve Pipe, La La

With everyone around us singing la la we slid out of their view  
Then you thought you heard me singing la la but I don't have the strength to

And from the moment that I give out we begin to live out  
Scenes from all romantic prose while tethered to the roles  
Or what was meant disguised as sentiment could hang  
Misunderstood and left unanswered

Your eyes tell me I have what I wanted haunted as I hold you  
Nervous slacking with the lacking heartache no heartbreak when I told you

And though I never did surrender could you please remember  
If and when we meet again we once were more than friends  
Embarrassed me but would you share a scene and kiss me  
One last time before I leave you

And though I won't surrender I want you to remember  
If and when we meet again we'll still be more than friends  
Grant me this it could seem frivolous, but kiss me  
One last time before I leave you

You've got all my loving in a tangle that I could never undo  
You will never hear me singing la la  
I guess la la means I love you  
La la la la la la la la la la la la la la la la  
La la means I love you, love you
