

The Verve, Virtual World

See the water break my hand
No one knows my name
I'm not in demand

Signs are right
The signs are here
Who needs virtual world
When I can see it now
I can see it now, oh now, oh now, now
No one goes no one cares
No one seen it anywhere

She's breathing life into lonely dead stars
Have you ever seen it
I ain't seen nothing at all

Come see the water break my fall
No one knows no one comes
Have you ever seen the book
The one on my help
The one entitled self-death, self-death
How to earn a million pounds
I can see it now oh the hearse

She's breathing down in a hole in my head
In the dirty half light where
Time means nothing at all

I'm calling out to some one
Anyone who'll have me?
Does anyone need me?
Does anyone know how to cry?
What happens when I go?
What happens when it snows?
I bet you could if you wanted to end
