

The Vibrators, Feel Alright

Alright

Feel alright, feel alright,
I've been hanging round with sluts night after night,
Same old news is goin' round and round again,
Same red blood is pumpin' in my veins.

And -

Aah honey makes me feel so good,
It's a bit impersonal but it's okay.
See you tomorrow babe but see if I care,
Aah honey will you be there.

Here I am, here I am,
Don't wanna talk about it gonna get it while I can.
I've got this thing about the mentally derranged,
Hey babe are you lookin' for a change

And -

Aah honey makes me feel so good,
It's a bit impersonal but it's okay.
See you tomorrow babe but see if I care,
Aah honey will you be there.

(Solo)
