

The Vines, 1969

Its 1969 in my head
I just wanna have no place to go
Livin thru the sound of the dead
I'm gonna get stoned look round at my soul

I'm hearin voices in the trees
And seein footsteps in the rain
I just wanna die before I loose my dol
I have been cryin in my sleep
Cause I dont kno where i've been
I just wanna live to see another day

Hey hey hey hey [x8]

When I get my buick six
I'll see my life drop in that whirlpool
If I get to see you again
You're the only one I know

Here we go
There I stand
I'm a seed
Of a man
Dare I go
Dare I stare
I'm a seed
of a man
