

# The Vines, Don't Go

Taking everything I see  
Walking on the ground I've been  
Waiting for the day to start  
Cause something's got me all alone  
Oh no don't go  
Throw away undo it play the bass  
I know if she'd gone  
Wanna be left on this place now

Take the weight up off your mind  
Dreaming for the seventh time  
If we wake now we'll believe  
Either way it's fun to dream

Oh no don't go  
Throw away undo it play the bass  
I know but she'd done  
Gonna be left on this place now
