

# The Vines, Hot Leather

Wherever you are  
Wherever you start  
Feels good and alive  
When I'm floating to ground  
All your doing is killing time yeah  
And all I'm doing is killing mine yeah

I'm laying, in the sun  
Cause I'm searching for one  
Feels good and alive  
When I'm floating to mine

All your doing is killing time yeah  
And all I'm doing is fucking mine yeah

But it feels alright  
I don't care  
If you stay till night  
I don't care
