

The Virgins, Radio Christiane

Now check it
I'm feeling fine
You're feeling the same
You want it like that
It was a romance
It was a radio
It was a radio
It topped the radio, baby, baby,
Baby, come on
Damn it for understanding
I'm always racing against my mind
Take in consideration
But it's so easy to say goodbye
Oh Christiane
You never been wrong
And make that plan
But have a little fun
Oh Christiane
You never been wrong
And make that plan
But have a little fun
