

# The Virgins, Radio Christiane

Now check it  
I'm feeling fine  
You're feeling the same  
You want it like that  
It was a romance  
It was a radio  
It was a radio  
It topped the radio, baby, baby,  
Baby, come on  
Damn it for understanding  
I'm always racing against my mind  
Take in consideration  
But it's so easy to say goodbye  
Oh Christiane  
You never been wrong  
And make that plan  
But have a little fun  
Oh Christiane  
You never been wrong  
And make that plan  
But have a little fun
