

# The Wallflowers, Everything I Need

Im not looking  
For a warm embrace  
Im not looking  
For a friendly face  
Ive got  
Everything I need  
Im not worried  
If youre coming back  
Im in a hurry  
Cause I just found out  
Ive got  
Everything I need  
Ive got  
Everything I need  
So even if you wanted to

You cant save me  
You cant fail me  
Im back up on my feet baby  
In the way down  
Is when I found out  
That I got everything I need

Im not looking  
For a hand to hold  
Im not waiting  
For someone to show  
Ive got  
Everything I need  
I never found a wall  
I couldnt climb  
I never seen a well  
As deep as mine  
Ive got  
Everything I need

Ive got  
Everything I need  
So even if you wanted too

It doesnt matter  
If Im qualified  
Or if I ever learn  
To blow your mind  
Ive got  
Everything I need  
Im not looking  
For a place to shine  
I wake up  
And Im satisfied  
Ive got  
Everything I need  
Ive got  
Everything I need  
So even if you wanted too
