

The Wallflowers, Everything I Need

Im not looking
For a warm embrace
Im not looking
For a friendly face
Ive got
Everything I need
Im not worried
If youre coming back
Im in a hurry
Cause I just found out
Ive got
Everything I need
Ive got
Everything I need
So even if you wanted to

You cant save me
You cant fail me
Im back up on my feet baby
In the way down
Is when I found out
That I got everything I need

Im not looking
For a hand to hold
Im not waiting
For someone to show
Ive got
Everything I need
I never found a wall
I couldnt climb
I never seen a well
As deep as mine
Ive got
Everything I need

Ive got
Everything I need
So even if you wanted too

It doesnt matter
If Im qualified
Or if I ever learn
To blow your mind
Ive got
Everything I need
Im not looking
For a place to shine
I wake up
And Im satisfied
Ive got
Everything I need
Ive got
Everything I need
So even if you wanted too
