

# The Wallflowers, I Wish I Felt Nothing

Say when you're alone  
It's better 'cause nobody knows you  
When no one's your friend  
It's better 'cause nobody leaves you  
So you turned your back  
On a world that you could never have  
'Cause your heart's been cracked  
And everyone else's is goin' mad

[Chorus:]  
But I hear voices  
And I see colors  
But I wish I felt nothing  
Then it might be easy for me  
Like it is for you

Now all of these people  
Come up from deep holes  
Pullin' you down  
And it's just no use  
When all the abuse follows you down  
By the morning you've gone  
Leavin' me here all alone  
Sayin' it's no mystery  
I know that nobody here needs me

[chorus]

And I know you believe that you and me don't belong here  
And the worst we could do  
Is keep trying to pretend we care
