

# The Wallflowers, Josephine

I feel pretty good  
I feel all right  
And I've been thinkin' maybe  
I could spend the night

I know you've been sad  
I know I've been bad  
But if you'd let me  
Make you ribbons from a paper bag

[Chorus:]  
Josephine  
You're so good to me  
And I know  
It ain't easy  
Josephine  
You're so sweet  
You must taste just like sugar & tangerines

I won't make a sound  
Sleep on the ground  
When you wake I will  
Drive you into town  
I missed your smile  
Your schoolgirl style  
But I never had much fun  
Maybe the very first mile

[chorus]

Don't you know  
I watched you walkin' home from school  
Your friends on the old playgrounds  
You never looked so down  
Won't you come and help me with these cuts of mine?  
I've disconnected my heart  
And cut myself on the wires  
Josephine

I know I was wrong  
I knew all along  
But I got so far from my home  
I never thought I'd be so lonesome

[chorus]
