

# The Wallflowers, When You're On Top

I need a bed  
That nobodys slept in  
I need some air  
Nobodys been breathing  
I need a thought  
That I can believe in  
Is this fog  
Or is the building really burning  
I need you  
Much more than ever  
Im making new friends  
But none of them matter  
Maybe now  
We dont fit together  
But youve got your arms around  
No one but strangers

I feel fine  
With the sun in my eyes  
The wind in my hair  
When Im falling out of this sky  
Im doing better than I thought I would  
But nothings ever as good  
As when youre on top

I want to wake up  
And just start running  
Into a ditch  
Or straight up a mountain  
I want to get  
Where no one been gettin  
Make it deeper than hell  
Or make it higher than heaven

I need someone whose price hasnt been met  
When everybodys disappearing  
By the minute  
There isnt anyone left  
I havent meet yet  
Well I remember  
When they hadnt gotten to you yet

[chorus]

Half way up  
And over this rainbow  
I heard a shot  
Fire up from a ghetto  
As I drop  
I didnt think youd follow  
Just didnt know  
The sky was this shallow

I need a garden  
Where nothings forbidden  
I need an apple  
That no ones been eatin  
I want to start again  
Back at the beginnin  
I had a vision  
That this feeling maybe has an ending
