

# The Wanted, Drunk On Love

We're drunk on love,  
So turn the music up  
I wanna loose control,  
We're gonna loose control  
We going out tonight  
Going with no invite  
I want to take it home  
We're gonna take it home

I'm a lover not a hater,  
Not a fighter or a player  
And I'll party to the sun comes up  
Getting a hangover without a cure  
We could end up anywhere but that's all part of the rush

When the lights are shining that's where you will  
Find me getting drunk on love  
That's what we do,  
When I see you dancing  
Gets me so excited, girl  
I pour my love all over you

We're drunk on love  
We're drunk on love

We're drunk on love,  
We're going to light it up,  
The fire never ends  
This fire never ends,  
And when tomorrow comes  
We're gonna hear those drums,  
We'll do it all again,  
Lets do it all again

I'm a lover not a hater,  
Not a fighter or a player  
And I'll party to the sun comes up  
Getting a hangover without a cure  
We could end up anywhere but that's all part of the rush

When the lights are shining that's where you will  
Find me getting drunk on love  
That's what we do,  
When I see you dancing  
Gets me so excited, girl  
I pour my love all over you

We're drunk on love  
We're drunk on love

When the lights are shining that's where you will  
Find me getting drunk on love  
That's what we do,  
When I see you dancing  
Gets me so excited, girl  
I pour my love all over you

When the lights are shining that's where you will  
Find me getting drunk on love  
That's what we do,  
When I see you dancing
