

The Weepies, Suicide Blonde

You know the way you look makes everyone hungry
You got the ways and means to make it all right
Dye your hair suicide blonde
Dye your hair suicide blonde

Lose your identity, wander in any direction
Yeah, that's the road to heaven's door
Dye your hair suicide blonde
Dye your hair suicide blonde

Been so long since you're gone
Yeah, you turn me on

You know the way you look makes everyone hungry
Are you a key to heaven's door?
Dye your hair suicide blonde
Dye your hair suicide blonde
