

# The Weirdos, Life Of Crime

I don't wanna play aroun' no more  
I see that black cross painted on your door  
We was good friends for a long, long time  
But baby you got hungry for a life of crime  
Get the message now?  
The car you drive is painted red and grey  
But if you ask me to get in  
Well I'll jst run away  
We was good friends for a long, long time  
But baby you got hungry for a life of crime  
Get the message now?
