

The White Stripes, It's True That We Love One A

Well it's true that we love one another
I love Jack White like a little brother
Well Holly I love you too but there's
Just so much that I don't know about you

Jack give me some money to pay my bills
All the dough I give you Holly
You been using on pain pills
Jack will you call me if you're able?
I got your phone number written
In the back of my bible
Jack I think your pulling my leg
And I think maybe I better ask Meg
Meg do you think Jack really loves me?
You know, I don't care because
Jack really bugs me
Why don't you ask him now?
Well I would Meg
I really just don't know how
Just say 'Jack , do you adore me?'
Well I would Holly but love really bores me
Well maybe we should just be friends
I'm just kidding Holly
You know that I'll love you 'til the end

Well it's true that we love one another
I love Jack White like a little brother
Well Holly I love you too but there's
Just so much that I don't know about you

Holly give me some of your English lovin'
If I did that Jack I'd have one in the oven
Why don't you go off and just love yourself
If I did that Holly there won't be anything
Left for anybody else
Jack it's too bad about the way you look
You know I gave that horse a carrot
So he'd break your foot
Will the two of you cut it out
And tell 'em what it's really all about

Well it's true that we love one another
I love Jack White like a little brother
Well Holly I love you too but there's
Just so much that I don't know about you
