

# The White Stripes, It's True That We Love One A

Well it's true that we love one another  
I love Jack White like a little brother  
Well Holly I love you too but there's  
Just so much that I don't know about you

Jack give me some money to pay my bills  
All the dough I give you Holly  
You been using on pain pills  
Jack will you call me if you're able?  
I got your phone number written  
In the back of my bible  
Jack I think your pulling my leg  
And I think maybe I better ask Meg  
Meg do you think Jack really loves me?  
You know, I don't care because  
Jack really bugs me  
Why don't you ask him now?  
Well I would Meg  
I really just don't know how  
Just say 'Jack , do you adore me?'  
Well I would Holly but love really bores me  
Well maybe we should just be friends  
I'm just kidding Holly  
You know that I'll love you 'til the end

Well it's true that we love one another  
I love Jack White like a little brother  
Well Holly I love you too but there's  
Just so much that I don't know about you

Holly give me some of your English lovin'  
If I did that Jack I'd have one in the oven  
Why don't you go off and just love yourself  
If I did that Holly there won't be anything  
Left for anybody else  
Jack it's too bad about the way you look  
You know I gave that horse a carrot  
So he'd break your foot  
Will the two of you cut it out  
And tell 'em what it's really all about

Well it's true that we love one another  
I love Jack White like a little brother  
Well Holly I love you too but there's  
Just so much that I don't know about you
