## The White Stripes, Love Sick

I'm walkin' through streets that are dead walkin' with you in my head my feet are so tired and my brain is so wired and the clouds are weepin' did I hear someone tell a lie did I hear some long distant cry I spoke like a child and it struck me with a smile but I was sleepin' well I'm sick of love but I'm in the thick of it I'm sick of love well I'm lovesick I see I see lovers in the meadow I see I see silhouettes in the window I watched where they're goin' but they keep me hangin' on to their shadow well I'm sick of love I wish I never met you this kind of love oh, I'm trying to forget you just don't know what to do I'd give anything to be with you
