

# The Who, Baby Don't You Do It

Ahh, baby, don't you do it, don't do it, baby  
Don't you break my heart  
Please, don't do it, baby, don't you break my heart  
Please, don't you do it, baby

Yeah, I sacrifice to make laughter, kept nothin' for myself  
Now you wanna leave me for the love of someone else  
I'm tryin' to do my best  
Yeah, I'm tryin' to do my best  
Don't you do it, don't do it, babe  
Don't you break my heart  
Please, don't you do it, babe

My biggest mistake was lovin' you too much, and lettin' you know  
'Cause now you got me where you want me, and you gonna let me go

My pride is all gone, whether right or wrong  
I need you, baby, I'm gonna keep on keepin' on

I'm tryin' to do my best  
Yeah, I'm tryin' to do my best  
Don't do it, baby  
Don't you break my heart now

I go down to the river and there I'll be  
I'm gonna jump right in, baby, if you don't see about me  
I'm tryin' to do my best  
Yeah, I'm tryin' to do my best  
Don't do it, baby

Open up your eyes, can't you see I need you?  
Open up your heart, can't you see I love you?  
I can't go on without you, my life's no good without you  
I can't go on without you, my life's no good without you

Yeah, don't you do it  
Please, don't do it, baby  
Don't you break my heart now
