

The Who, Bucket T

Bucket bucket T T, bucket T bucket T,
Bucket bucket T T, bucket T bucket T,
Bucket bucket T T, bucket T bucket T,

Found her in a barn in Tennessee
I paid five bucks for my Bucket T
Took me three years of sweat and blood
To clean off all that Tennessee mud

[chorus:]
My Bucket T (Bucket T)
Bucket T (Bucket T)
My Bucket T (Bucket T)
My Bucket T (Bucket T)
T T T... Bucket bucket bucket...

Cruise down the street in front of school
I wanna rev it up but I gotta be cool
Drivin' down the road I'll get my kicks
A'poppin' the clutch and a'slippin' the sticks

[chorus]

I was right, too, she's first in her class
There's nothing on the freeway she don't pass
All the girls want to take a ride with me
But there's only one seat in my Bucket T

[chorus]
