The Who, Dangerous

Can you feel it? watching you in the darkness Touching you like a sickness Fear is taking control, The beach head is the street. In the gutter lies defeat. Fear is the key to your soul That makes you dangerous So dangerous to yourself

Can you feel it in the shadows? Watching you, touching you, Can you feel it in the shadows? Watching you, touching you Changing you into a mad dog. Howling at the moon. And you're so far out of tune Better learn how to sing. Fences, we put up our defences. Then we come to our senses. It may keep them out But it keeps us in And that makes us dangerous We're all dangerous to ourselves

This is a jungle, not illusion, Jungle city, in confusion, We are the next step in evolution, The new stone age, revolution. Back to the stone age, constitution No solution

Can you feel it in the shadows? Watching you, touching you, Can you feel it in the shadows? Follow you, swallow you. Can you feel it? Fear is the key. Can you feel it? Fear is the key. Can you feel it? Can you feel it? Fear is the key to your soul.
