The Who, See My Way

Some way, some day, I'll find a way To make you see my way

Even if you don't think like I do You know that it's true It's your mind that I seek

Tried so hard to make me think my point of view was bad Although at times when you kept on I thought that I was mad

I'm glad it's goodbye You don't have to ask why Come back another day Come back when you see my way You see my way

Tried so hard to make me think my point of view was bad Although at times when you kept on I thought that I was mad

Some way, some day, I'll find a way To make you see my way

I'm glad it's goodbye You don't have to ask why Come back another day Come back when you see my way You see my way You see my way
