

# The Who, Unholy Trinity

Three kids from the neighborhood  
Three different lives  
Three different ways to be  
The identical smiles

We're not the same  
But we can talk  
We kiss and link our arms  
We take a walk

We watch the tide ever way  
Carry our ives through the sea  
We hear the music  
Remember being free

We are unholy trinity  
And love forever  
But we are the sea  
We are the ocean  
We are the free  
We are unholy trinity
