

The Word Alive, Can't Let Up

So just close your eyes now
Until we're gone from you.

Oh

Now I'm screwing up the program
I'd just like to say that oh

Now I'm screwing up this program, for you
You.

Just know I'm taking over
Just know I'm taking over
I can't let up I won't shut up
These words against you.

(At all)

Just know I'm taking over
Just know I'm taking over
I can't let up I won't shut up
These words against you at all.

(At all)

So just close your eyes now
Until we're gone from this
Remove myself from this
Now.

Take me on. Take me on.
Take me on. Take me on.

Just know I'm taking over
Just know I'm taking over
I can't let up I won't shut up
These words against you.

(At all)

Just know I'm taking over
Just know I'm taking over
I can't let up I won't shut up
These words against you at all.

(At all)

Oh now I'm screwing up the program
Oh now I'm screwing up the program
