

Thea Gilmore, To The Bone

Well, youre a fine one to talk, you and your sweet revenge
This isnt history now, this is the present tense
Theres shadows on the road of all the love I lost
Of all the paths in the world yours had to be the one I crossed
And its easy to rub me to the bone

You can still turn the key, yeah, you can still twist the knife
But youre not so unique, yknow, been like this all my life
So lets go to a bar and drink to absent friends
Then lets raise a glass to never doing this again
And its easy to rub me to the bone
I said its easy to rub me to the bone

And its a sad life that you are sitting in
I can see right, see right through your skin
Down to the bone

Oh, it was interesting before it got fucked up
Yeah, it was short and sweet, Ill put that down to luck
Your reasons dont surprise me much, or that you came alone
I am drinking up and I am going home
Its easy to rub me to the bone
I said its easy to rub me to the bone

And its a sad life that you are sitting in
I can see right, see right through your skin
Down to the bone
Down to the bone
